

Spanish Women in International Security (SWIIS)

Spanish Women in International Security (SWIIS) is an international affiliate of WIIS-Global, a network actively advancing women's leadership in the international peace and security field. Its primary purpose is to provide initiatives related to gender mainstreaming in the promotion of peace and security, enhancing visibility in policy and academic circles on foreign and defence affairs. SWIIS supports the efforts to get a woman elected UN Secretary-General of the United Nations.

SWIIS was created in 2011 under the auspices of the Association of Spanish Graduates in Security and Defense (ADESyD). You can find more information at <http://www.adesyd.es/swiis/index.php>.
